SB161/HB126

EDUCATION: Creation of the Opportunity Scholarship Pilot Program.

Sponsors: Sen. Kelsey, Brian , Rep. Brooks, Harry

Summary: Enacts the "Opportunity Scholarship Pilot Program," which awards scholarships to eligible students in certain LEAs (local education agencies), identified on a list approved by the state board of education as having at least thirty schools in the bottom five percent of schools in overall achievement as determined by the performance standards and other criteria set by the state board.

Amendment Summary: Senate Education Committee Amendment 1 (004726) rewrites the bill and makes the following substantive changes: 1) limits the pilot program to five years starting in the 2018 academic year, 2) limits the pilot program to LEAs with the most schools in the bottom five percent of overall achievement, 3) requires the Office of Research and Education Accountability (OREA) under the Comptroller of the Treasury (COT) to provide a detailed report on the pilot program on a bi-annual basis as well as at the end of the pilot program, 4) includes schools within the Achievement School District (ASD) within the geographic footprint of each LEA as in the LEA for the purpose of counting schools in the bottom five percent, 5) provides the DOE with discretion on whether participating schools must submit a financial audit, 6) requires LEAs to notify the DOE with names of parents of students eligible for the pilot program, 7) authorizes participating students to continue beyond the end of the pilot program as scholarship students, and 8) changes the proposed enrollment caps as follows--for LEAs with a school that is in the bottom five percent of achievement at 2,500 scholarships for FY18-19, 5,000 scholarships in FY19-20 and subsequent years. House Education Administration and Planning Committee Amendment 1 (005169) amends Amendment 2 by deleting 49-1-1204(a)(4) in Section 1 of the bill and substituting instead: "Annually administer to scholarship students the same state-mandated assessments in grades 3-12 that are administered by the LEA in which the program is located." House Education Administration and Planning Committee Amendment 2 (005059) rewrites the bill. It establishes a five-year program for the LEA having the most schools identified on the priority list. It'll be monitored by the OREA in the office of the comptroller of the treasury, which will report to the general assembly on the second and fourth full years of the program's operation of its effectiveness. OREA will determine 1) achievement results, 2) graduation rates, 3) retention rates, and 4) other important information for all participating schools. In order to administer the program, the department shall 1) require the LEAs to provide the department with the names and physical addresses of parents of eligible students, 2) provide notice to parents of student eligibility and of participating schools, 3) accept applications from parents of eligible students and award scholarships to eligible students, 4) determine and approve school and student eligibility and participation pursuant to the requirements of this part, 5) establish application and participation timelines that will maximize student and school participation, 6) remit scholarship payments to participating schools on behalf of scholarship recipients, 7) annually

publish achievement results, graduation rates, and retention rates, and 8) make information available on the department's website to inform parents of eligible students of all available scholarship options. The department may suspend a school's participation in the program if their levels of student achievement growth are at a level of "below expectations" or "significantly below expectations for two consecutive years. An eligible student is entitled to one scholarship per school year, which is equal to the lesser of 1) the cost of tuition and fees that would otherwise be charged by the school, or 2) the amount representing the per pupil state and local funds generated and required through the BEP for the LEA in which the program is established. For the 2018-19 school year, the department shall award no more than 2,500 scholarships. For the 2019-20 through the 2022-23 school years, the department shall award no more than 5,000 scholarships each school year. The pilot program terminates at the conclusion of the 2022-23 school year. House Government Operations Amendment 1 (006474) removes the requirement that participating students take only the state assessment test.

- Fiscal Note:* (Dated February 14, 2017) Increase State Expenditures Exceeds \$330,400/FY17-18 \$230,400/FY18-19 and Subsequent Years Other Fiscal Impact For local education agencies that have schools in the bottom five percent of achievement and are mandated to participate in the statewide scholarship program, the shift of state and required local BEP funding from these local education agencies to the non-public participating schools is estimated as follows: \$8,867,500 in FY17-18; \$13,633,100 in FY18- 19; \$18,632,500 in FY19-20; and an amount exceeding \$18,632,500 in FY18-19 and subsequent years.

SB558/HB372 **EDUCATION: Tom Cronan Physical Education Act.**

Sponsors: Sen. Ketron, Bill , Rep. Kane, Roger

Summary: Requires each student in elementary school to participate in a physical education class that meets at least twice per week for no less than 60 minutes total. Requires that the teacher of these classes be licensed with an endorsement in physical education. Allows students with medical conditions or disabilities to be excused from this requirement by a physician's certification in writing. Requires each LEA to file an annual report verifying that it has met these requirements.

Amendment Summary: Senate Amendment 1, House Education Instruction & Programs Committee Amendment 1 (004654) rewrites the bill. It requires each student in elementary school to participate in physical education twice a week for a total of at least sixty minutes. The teacher must be qualified and have a licensed endorsement in physical education. The classes must accommodate students of all needs, including physical disabilities. Local governments will bear any expenditures. The LEA will look over the schools' physical education programs. The fiscal cost accounts for the fact that some counties do not currently employ full-time physical education teachers.

Fiscal Note: (Dated February 18, 2017) Increase Local Expenditures \$253,600*

Tennessee HOPE scholarship. Outlines framework for program as well as a timeline for delivering reports. Charges the Tennessee board of regents with overseeing and implementing these rule changes. This bill is part of the governor's Administration Package.

House Education Administration and Planning Committee amendment 1 (015748) requires the Tennessee higher education commission to make an annual public announcement to identifying the eligible two-year colleges and four-year colleges, the percentage of Tennessee Promise scholarship students enrolled at the institution who are on-track to earn an associate degree within five semesters. Requires two-year colleges and four-year colleges based on the percentage of Tennessee Promise scholarship students are enrolled in a college program leading to an associate degree to identify as a tier 1, tier 2, or a tier 3 institution. Requires the Tennessee higher education commission to make an annual public announcement to identify each eligible college, the percentage of Tennessee HOPE scholarship students enrolled at the college who are on track to earn a baccalaureate degree within eight full-time semesters. Requires four-year colleges based on the percentage of Tennessee Promise scholarship students are enrolled in a college program leading to an associate degree to identify as a tier 1, tier 2, or a tier 3 institution. Senate Education Committee amendment 2, House Education Administration and Planning Committee amendment 2 (015020) deletes and replaces language in the original bill such that the only substantive change authorizes a student who is unable to complete 30 semester hours in a three-consecutive-semester period due to academic or other extenuating circumstances may appeal the reduction of an award. House Education Administration and Planning Committee amendment 3 (015725) authorizes TSAC to promulgate rules to establish deadlines for applications and appeal procedures for the denial, revocation, reduction, or restoration of the scholarship; to work with eligible colleges to ensure the use of early postsecondary opportunities for credit towards completed hour requirements; to allow credit hours completed in excess of the 30 hour requirement, to be used to fulfill the 30 hour requirement in three-consecutive-semester periods. . Beginning with the 2019-2020 academic year, allows any credit hours completed by a Tennessee Promise scholarship student that exceeds 30 credit hours in a three-consecutive semester period may be used to satisfy the 30 hour requirement. House Education Administration and Planning Committee amendment 4 (014190) Deletes and replaces language in the original bill such that the amended bill restructures the financial aid requirements of the Tennessee Promise and HOPE scholarships by separating requirements for students enrolled at a two-year postsecondary institution and students enrolled at a four-year institution to continue to receive the maximum award amounts for the Tennessee Promise and HOPE scholarships. Establishes, to continue to receive the maximum Tennessee Promise scholarship award at a public two-year

postsecondary institution, a student must have completed at least 30 hours within three consecutive semesters, beginning with the student's semester of initial enrollment. The maximum award for a student who has not completed at least 30 hours within three consecutive semesters, beginning with the student's semester of initial enrollment, shall thereafter be reduced by \$250 per semester, unless the student's award is less than \$250, in which case it shall be for that lesser amount; provided that a student's award shall only be reduced during the first two semesters of the following three-consecutive-semester period. Establishes, to continue to receive a Tennessee HOPE scholarship at a public four-year postsecondary institution or an eligible independent postsecondary institution: a student is required to continue to meet all applicable nonacademic requirements for the scholarship and required to reapply for the scholarship upon attempting 24, 48, 72, 96, or any subsequent multiple of 24 semester hours. Requires a 2.75 grade point average at the end of the semesters in which the student has attempted a total of 24 and 48 semester hours. Establishes, to continue to receive a Tennessee HOPE scholarship at a public two-year postsecondary institution a student is required to reapply for the scholarship pursuant to Tennessee Student Assistance Corporation (TSAC) rules, and is required to meet all applicable nonacademic requirements. Requires a 2.75 grade point average at the end of the first and second three-consecutive-semester periods. Establishes, to continue to receive the maximum Tennessee HOPE scholarship award at a public two-year postsecondary institution, a student must have completed at least 30 hours within the student's initial three-consecutive-semester period of enrollment. The award amount for a student who has not completed at least 30 hours within the initial three-consecutive-semester period shall thereafter be reduced by an amount of \$250 per semester, unless the student's award is less than \$250 in which case it shall be for that lesser amount; provided that a student's award shall only be reduced during the first two semesters of the second three-consecutive-semester period.

Employment

SB1904/HB1899 LABOR LAW: Disability discrimination.

Sponsors: Sen. Yager, Ken , Rep. Brooks, Kevin

Summary: Forbids employers from discriminating against potential employees on the basis of their disability. Requires an employer to provide reasonable accommodation or prove that such an accommodation would put an undue burden on the business in defense of a discrimination charge.

Amendment Summary: Senate Commerce & Labor Committee amendment 1 (014491) Deletes all language after the enacting clause. Requires members of the General Assembly to safeguard individuals within this state from discrimination based on a disability in connection with employment, public accommodations and housing. Establishes that it is a discriminatory practice for an employer to fail or refuse to hire or discriminate against an individual with respect to compensation, terms, conditions or privileges of

employment because of an individual's disability. Prohibits an employer from limiting, segregating or classifying an employee or applicants for employment in any way that would deprive or tend to deprive an individual of employment opportunities or otherwise adversely affect the status of an employee, because of an individual's disability. Requests the code commission transfer Tenn. Code Ann. §§ 8-50-103 and 8-50-104, regarding the employment of the disabled, to Tenn. Code Ann. § 4-21-4, and make all applicable cross referencing changes that occur throughout code.

SB2244/HB1820 HEALTH CARE: Revises requirements for nursing homes, assisted care living facilities, and adult care homes.

Sponsors: Sen. Norris, Mark , Rep. Hawk, David
Summary: Authorizes the commissioner to halt new admissions to nursing homes, assisted care living facilities and adult care homes if conditions are likely to be detrimental to the health of residents. Nursing homes, assister care living facilities and adult care homes are required to inform residents verbally and in writing of the right to file a complaint with the state at any time. The complaints are not to be discouraged or retaliated against. The board for licensing health care facilities is authorized to assess penalties to nursing homes, assisted care living facilities and adult care homes if found in severe violation of laws and regulations. Licensed facilities are allowed three opportunities to submit an accepted plan of action. This bill is part of the governor's Administration Package.

Amendment Summary: Senate amendment 1 (014435) rewrites this bill. Under present law, in those cases where the conditions of any nursing home, home for the aged, traumatic brain injury residential home or adult care home are, or are likely to be, detrimental to the health, safety or welfare of the patient or resident, the commissioner of health may suspend the admission of any new patients or residents to the facility pending a prompt hearing before the board, or an administrative judge if the board cannot be convened promptly. Within 10 days of receiving this notice or lesser time frame when deemed necessary by the board to ensure the health, safety and welfare of adult care home or traumatic brain injury residential home residents, an adult care home provider or a traumatic brain injury residential home provider shall submit a corrective action plan to the board delineating the measures to be taken to address violations and associated time frames. If it is deemed by the board to be necessary to ensure the health, safety and welfare of adult care home or traumatic brain injury residential home residents, the commissioner may require the adult care home provider or traumatic brain injury residential home provider to take all necessary actions to correct violations immediately. If the facility complies with these conditions, the commissioner lifts the suspension within the time frame, unless other conditions exist that warrant an additional suspension or continuation of the suspension. The board has the authority to: continue, revoke or modify the suspension of admissions; revoke, suspend or condition the license of the facility; and enter such other orders as it deems necessary. This amendment revises the above provisions to instead

provide that the commissioner may suspend the admission of any new patients or residents to any facility or licensee in those cases where the commissioner has a factual basis upon which to believe that the conditions in any such facility or licensee are, or are likely to be, detrimental to the health, safety, or welfare of a patient or resident. For the purposes of this section, "facility or licensee" means any entity licensed under title 68, such as hospitals, ambulatory surgical treatment centers, nursing homes, etc. This amendment also revises the present law procedures described above. Under this amendment, the commissioner may suspend admissions pending a prompt hearing before the board, or an administrative judge if the board cannot be convened promptly. The commissioner will initiate a suspension of admissions by delivering to the facility or licensee a notice stating the commissioner's decision to suspend the admissions of new patients. The commissioner's notice to suspend admissions must: (1) Detail what conditions are considered detrimental to the health, safety, or welfare of the patients; (2) Provide an explanation of the specific time frame when and conditions under which the facility or licensee can reasonably expect the suspension to be lifted; and (3) Be received by the facility or licensee within 10 business days of the conclusion of the department's survey. Within 10 business days of the conclusion of the department's investigation, the department must also mail to the facility or licensee the commissioner's order, which must detail the alleged facts and pertinent law with particularity; and inform the facility or licensee of its right to contest the action. The commissioner's suspension of admissions will take effect on the next calendar day following the order provided to the facility or licensee. Any facility or licensee subject to a suspension of admissions by the commissioner has the right to contest the factual or legal basis for a suspension of admission imposed against it through a prompt contested case hearing before the board, or an administrative judge if the board cannot be convened promptly. An order in all cases contesting a suspension of admissions must be issued within 10 business days after the hearing contesting the suspension of admissions, regardless of whether the hearing is conducted before the board or an administrative judge. The order must determine whether the suspension of admissions was initially valid and whether conditions at the facility or licensee continue to be detrimental to the health, safety, or welfare of a patient or resident to justify the continuation of the suspension of admissions if not previously lifted. The commissioner may, at any time prior to a hearing, based on information presented to the commissioner showing that such conditions have been and will continue to remain corrected, revoke the suspension of admissions. Within 10 days of receiving the commissioner's order to suspend admissions, any facility or licensee for which admissions have been suspended must submit a corrective action plan to the board delineating the measures to be taken to address violations and associated time frames. If it is deemed by the board to be necessary to ensure the health, safety, and welfare of patients or residents, the commissioner may require any facility or licensee for which admissions have been suspended

to take all necessary actions to correct violations immediately. The board may also set a lesser time frame than 10 days for the facility or licensee to submit a corrective action plan when it deems necessary to ensure the health, safety, and welfare of residents. If the facility or licensee asserts that it has corrected the underlying conditions upon which the suspension of admissions is based, or if the facility or licensee complies with the conditions for the suspension to be lifted as set forth in the commissioner's order, the department must verify such corrections, after receiving notice and evidence of such corrections from the facility or licensee, within 14 business days unless waived by the facility or licensee. Unless other specific conditions exist that warrant an additional suspension or continuation of the suspension of admissions, the commissioner will promptly lift the suspension of admissions upon verification by the department that the facility or licensee has corrected the underlying conditions upon which the suspension of admissions is based or complied with the conditions for the suspension to be lifted. This amendment authorizes the board for licensing health care facilities to: (1) Continue, revoke, or modify the suspension of admissions; and (2) Enter such other orders as it deems necessary. This amendment specifies that for any suspension of admissions of a nursing home that is accompanied by a civil penalty under other provisions of present law, those other provisions will control to the extent there is a conflict. This amendment also revises other present law provisions regarding health care facilities, as follows: (1) This amendment makes the same change as that described above in the bill summary in (3), but does not include nursing homes, and the same changes as described above in (4) in the bill summary; (2) This amendment makes the present law provisions described above in the bill summary in (5) applicable to all facilities under title 68 (which does not include alcohol and drug treatment centers, which are governed by title 33); (3) Present law authorizes the department to assess a civil penalty not to exceed \$5,000 against any person or entity operating an assisted-care living facility, adult care home or traumatic brain injury residential home without having a license. This amendment adds homes for the aged to this provision. Also, this amendment makes the same change as that described above in (6) in the summary of the introduced bill regarding a system for assessing penalties as part of a comprehensive system of quality assurance and enforcement; (4) This amendment makes the same changes as described above in the bill summary in (7) but allows for an administrative review or revisit (instead of revisit only) and provides that the disciplinary action may include seeking reimbursement for the unrecouped costs associated with subsequent revisits; and (5) This amendment makes the same change as described above in (8) in the bill summary in regards to the registry.

03/22/18 - Senate passed with amendment 1 (014435), which rewrites this bill. Under present law, in those cases where the conditions of any nursing home, home for the aged, traumatic brain injury residential home or adult

care home are, or are likely to be, detrimental to the health, safety or welfare of the patient or resident, the commissioner of health may suspend the admission of any new patients or residents to the facility pending a prompt hearing before the board, or an administrative judge if the board cannot be convened promptly. Within 10 days of receiving this notice or lesser time frame when deemed necessary by the board to ensure the health, safety and welfare of adult care home or traumatic brain injury residential home residents, an adult care home provider or a traumatic brain injury residential home provider shall submit a corrective action plan to the board delineating the measures to be taken to address violations and associated time frames. If it is deemed by the board to be necessary to ensure the health, safety and welfare of adult care home or traumatic brain injury residential home residents, the commissioner may require the adult care home provider or traumatic brain injury residential home provider to take all necessary actions to correct violations immediately. If the facility complies with these conditions, the commissioner lifts the suspension within the time frame, unless other conditions exist that warrant an additional suspension or continuation of the suspension. The board has the authority to: continue, revoke or modify the suspension of admissions; revoke, suspend or condition the license of the facility; and enter such other orders as it deems necessary. This amendment revises the above provisions to instead provide that the commissioner may suspend the admission of any new patients or residents to any facility or licensee in those cases where the commissioner has a factual basis upon which to believe that the conditions in any such facility or licensee are, or are likely to be, detrimental to the health, safety, or welfare of a patient or resident. Under this amendment, the commissioner may suspend admissions pending a prompt hearing before the board, or an administrative judge if the board cannot be convened promptly. The commissioner will initiate a suspension of admissions by delivering to the facility or licensee a notice stating the commissioner's decision to suspend the admissions of new patients. The commissioner's notice to suspend admissions must: (1) Detail what conditions are considered detrimental to the health, safety, or welfare of the patients; (2) Provide an explanation of the specific time frame when and conditions under which the facility or licensee can reasonably expect the suspension to be lifted; and (3) Be received by the facility or licensee within 10 business days of the conclusion of the department's survey. Within 10 business days of the conclusion of the department's investigation, the department must also mail to the facility or licensee the commissioner's order, which must detail the alleged facts and pertinent law with particularity; and inform the facility or licensee of its right to contest the action. The commissioner's suspension of admissions will take effect on the next calendar day following the order provided to the facility or licensee. Any facility or licensee subject to a

suspension of admissions by the commissioner has the right to contest the factual or legal basis for a suspension of admission imposed against it through a prompt contested case hearing before the board, or an administrative judge if the board cannot be convened promptly. An order in all cases contesting a suspension of admissions must be issued within 10 business days after the hearing contesting the suspension of admissions, regardless of whether the hearing is conducted before the board or an administrative judge. The order must determine whether the suspension of admissions was initially valid and whether conditions at the facility or licensee continue to be detrimental to the health, safety, or welfare of a patient or resident to justify the continuation of the suspension of admissions if not previously lifted. The commissioner may, at any time prior to a hearing, based on information presented to the commissioner showing that such conditions have been and will continue to remain corrected, revoke the suspension of admissions. Within 10 days of receiving the commissioner's order to suspend admissions, any facility or licensee for which admissions have been suspended must submit a corrective action plan to the board delineating the measures to be taken to address violations and associated time frames. If it is deemed by the board to be necessary to ensure the health, safety, and welfare of patients or residents, the commissioner may require any facility or licensee for which admissions have been suspended to take all necessary actions to correct violations immediately. The board may also set a lesser time frame than 10 days for the facility or licensee to submit a corrective action plan when it deems necessary to ensure the health, safety, and welfare of residents. If the facility or licensee asserts that it has corrected the underlying conditions upon which the suspension of admissions is based, or if the facility or licensee complies with the conditions for the suspension to be lifted as set forth in the commissioner's order, the department must verify such corrections, after receiving notice and evidence of such corrections from the facility or licensee, within 14 business days unless waived by the facility or licensee. Unless other specific conditions exist that warrant an additional suspension or continuation of the suspension of admissions, the commissioner will promptly lift the suspension of admissions upon verification by the department that the facility or licensee has corrected the underlying conditions upon which the suspension of admissions is based or complied with the conditions for the suspension to be lifted. This amendment authorizes the board for licensing health care facilities to: (1) Continue, revoke, or modify the suspension of admissions; and (2) Enter such other orders as it deems necessary. This amendment specifies that for any suspension of admissions of a nursing home that is accompanied by a civil penalty under other provisions of present law, those other provisions will control to the extent there is a conflict. This amendment also revises other present law provisions regarding health care facilities, as follows: (1) This amendment makes the same change as that described above in the bill summary in (3), but does not include nursing homes, and the same changes as described above in (4) in the bill summary; (2) This

amendment makes the present law provisions described above in the bill summary in (5) applicable to all facilities under title 68 (which does not include alcohol and drug treatment centers, which are governed by title 33); (3) Present law authorizes the department to assess a civil penalty not to exceed \$5,000 against any person or entity operating an assisted-care living facility, adult care home or traumatic brain injury residential home without having a license. This amendment adds homes for the aged to this provision. Also, this amendment makes the same change as that described above in (6) in the summary of the introduced bill regarding a system for assessing penalties as part of a comprehensive system of quality assurance and enforcement; (4) This amendment makes the same changes as described above in the bill summary in (7) but allows for an administrative review or revisit (instead of revisit only) and provides that the disciplinary action may include seeking reimbursement for the unrecouped costs associated with subsequent revisits; and (5) This amendment makes the same change as described above in (8) in the bill summary in regards to the registry.

SB118/HB69 TENNCARE: Expansion of TennCare waiver.

Sponsors: Sen. Briggs, Richard , Rep. Smith, Eddie

Summary: Directs the commissioner of finance and administration to submit a waiver request to the federal centers for medicare and medicaid services to enable the state to provide medical assistance to the existing TennCare II waiver population and persons with incomes below 138 percent of the federal poverty line by means of a block grant of federal funds.

Amendment Summary: House Insurance and Banking Committee amendment 1 (004573) rewrites the bill to direct the Commissioner of the Department of Finance and Administration (F&A) to submit to the federal Centers for Medicare and Medicaid Services, if determined by the Commissioner of F&A to be in the best interest of the state, a waiver amendment to the existing TennCare II waiver or to submit a new waiver in order to provide medical assistance to the TennCare II waiver population and to secure medical assistance eligibility in this state to persons meeting federal eligibility guidelines by means of a block or per capita grant, utilizing a change in applicable federal law, or other approach utilizing regulatory flexibility provided by the federal government, within 180 days of the effective date of the legislation, and if approved, implement the waiver amendment or waiver. Requires the grant, if the waiver is by means of a block or per capita grant, to convert the federal share of all medical assistance funding for this state into an allotment that is tailored to meet the needs of this state. Senate Commerce & Labor Amendment 1 (006270) deletes all language after the enacting clause. Directs the Commissioner of the Department of Finance and Administration (F&A), within 60 days of the effective date, to assess whether submitting a waiver amendment to the existing TennCare II waiver or a new waiver that would satisfy the requirements of this subsection (b) to the federal Centers for Medicare and Medicaid Services (CMS) is in the best interest of the state. Requires the Commissioner of F&A, if it is determined that a waiver satisfying the requirements of this subsection (b)

is in the best interest of the state, within 120 days of making the determination, to submit an amendment to the existing TennCare II waiver or a new waiver that satisfies the requirements of this subsection (b) to the federal CMS. Requires the amendment or waiver to provide medical assistance to the TennCare II waiver population and secure medical assistance eligibility to persons in this state who meet federal eligibility guidelines; and serve eligible persons pursuant to a block or per capita grant, either by utilizing a change in applicable federal law or by other approach utilizing regulatory flexibility provided by the federal government that is tailored to meet the needs of this state. Requires the Commissioner of F&A, if the amendment or waiver is submitted pursuant to subdivision (b)(1) and is subsequently approved by the federal CMS to proceed pursuant to subsection (a).

Fiscal Note:

(Dated January 31, 2017) Increase State Expenditures Not Significant Other Fiscal Impact If approved by the federal government, the block grant received will be at the current federal funding level of \$7,163,104,200 for FY17-18. Additional state funds will be needed to cover the expanded population of 280,000 enrollees or the TennCare benefit structure will need to be amended so that benefits can be provided to the entire population at the current funding level.

Summary: Deletes the entire section and requires the department of finance and administration to reestablish a TennCare advisory commission. The purpose of the commission is to review annually the health care operations including, but not limited to, cost-management analysis, benefits,

enrollment, eligibility, costs, and performance of the TennCare program and to make recommendations to the governor regarding cost-containment strategies and cost-effective program improvements. The advisory commission will be separate and distinct from the bureau of TennCare but will be allowed access to all data concerning the operations, management, and program functions of the TennCare program, including information relevant to the TennCare program held or maintained by other state agencies. Members of the advisory commission will provide nonpaid consulting services to the bureau of TennCare, but may be reimbursed for comprehensive travel. Members will be appointed by the speaker of the house of representatives and the speaker of the senate. The advisory commission will be composed of fifteen members; one member of the health and welfare committee of the senate, one member of the senate appointed by the speaker of the senate, one member of the health committee of the house of representatives appointed by the speaker of the house, one member of the house of representatives appointed by the speaker of the house, one member representing hospitals appointed by the speaker of the senate, one member representing hospitals appointed by the speaker of the house, one member representing physicians appointed by the speaker of the senate, one member representing physicians appointed by the speaker of the house, one member representing nursing homes appointed by the speaker of the senate, one member representing nursing homes appointed by the speaker of the house, one member representing providers of home and community-based services appointed by the speaker of the senate, one member representing providers of home and community-based services appointed by the speaker of the house, one member representing providers of behavioral health services appointed by the speaker of the senate, one member representing providers of behavioral health services appointed by the speaker of the house, and one member representing the advocacy community to be jointly appointed by the speaker of the senate and the speaker of the house. Initially, members will serve three-year terms. Creates term guidelines for appointments made by the speaker of the senate, and the speaker of the house in section (1) part (4) of the bill. Proposed modifications submitted by the commission that may result in increased program expenditures should be accompanied by recommendations to achieve commensurate savings in other program areas in order to achieve overall management of program costs. The commission can create subcommittees to study specific topics, relative to any area concerning TennCare. The commission shall present its recommendations in writing to the governor and the general assembly no later than November 10 of each year.

*Amendment
Summary:*

House Finance, Ways & Means Subcommittee amendment 1 (016140) updates various dates within amendment 006257. Senate Government Operations Committee Amendment 1 (005302) requires the comptroller of the treasury to reestablish a TennCare advisory commission. Increases the number of members on the commission from 15 to 21. Adds a member of

the senate commerce & labor committee, senate government operations committee, housing insurance & banking committee, house government operations committee, and a member of the house finance ways & means committee, to the commission. Creates revisions for initial appointments of a nonlegislative member, including the initial joint appointment of the member representing the advocacy community, to serve until June 30, 2018. Requires the commission to review any amendment or changes to Title XIX state plan. Deletes the requirement for the commission to present its recommendation in writing to the governor and the general assembly. Authorizes the commission to employ staff. Senate Health & Welfare Committee Amendment 1, House Health Committee Amendment 1 (006257) deletes all language after the enacting clause. Reestablishes the TennCare Advisory Commission consisting of 21 members who should reflect the broad impact that the TennCare program has on the state of Tennessee. The 21 members will be appointed by Speaker of the House of Representatives and the Speaker of the Senate; 8 members will be legislative members, 12 members will be from the industry, and one will be a nonvoting ex officio member designee of the Commissioner of Finance and Administration. Requires the Commission to review the health care operations, including but not limited to, cost-management analysis, benefits, enrollment, eligibility, costs, and performance of the TennCare program annually. Authorizes the Commission to employ staff. Requires the review of the TennCare program to include the holding of public hearings on any proposed amendment to any federal waiver governing the provision of medical assistance under Title 71, and attention to behavioral health services and the Long Term Care Community Choices Act of 2008. Prohibits the submission of any application for an amendment to any federal waiver governing the provision of medical assistance under Title 71 or the Title XIX state plan to any agency of the federal government unless the Commission has been afforded 30 days in which to hold a public hearing on the proposed waiver before submission. Any waiver application failing to receive the opportunity to hold such public hearing before submission to an agency of the federal government shall be void and of no effect. Requires the Commission to meet quarterly to perform certain duties. Adds the Commission to the sunset cycle provisions under the Tennessee Governmental Entity Review Law, thereby creating a termination date for the Commission of June 30, 2019.

Amendment 1 rewrites this bill to require the department of finance and administration to establish a procedure under the CoverKids Act that sends an email notice to an enrollee, or the parent of legal guardian of the enrollee stating that the enrollee must redetermine eligibility for the program. The notice must be emailed at least 30 days in advance of the regular mailing of any packet or materials for redetermination of eligibility. This amendment specifies that email notice is required only when the department has an email address for the enrollee of the parent or guardian of the enrollee. Amendment 2 removes the provision that requires the notice must be mailed at least 30 days in advance of the regular mailing of any packet of materials for redetermination of eligibility.

SB7/HB632 GOVERNMENT REGULATION: Capping the total value of certain public assistance at the level of average household income in the state.

Sponsors: Sen. Green, Mark , Rep. Holt, Andy

Summary: Places a cap on the total value of public assistance benefits a household can receive that is not to exceed the median household income for the State of Tennessee. States that once a household reaches the median income level, the household is ineligible for further public assistance. The department of finance and administration shall develop a system for calculating the value of public assistance a household is receiving and monitor affected households.

Fiscal Note: (Dated March 2, 2017) Increase State Expenditures - \$2,925,600/FY17-18 \$2,041,100/FY18-19 \$1,348,200/FY19-20 and Subsequent Years Other Fiscal Impact -- The provisions of the bill conflict with federal laws governing the states participation and operation of the Supplemental

Nutrition Assistance Program (SNAP), the Child Care Development Block Grant (CCDBG), and Unemployment Insurance (UI) and would jeopardize federal funding. The federal funding for these programs of approximately \$1,909,000,000 for SNAP, \$127,000,000 for CCDBG, and \$32,000,000 for UI, will be in jeopardy in FY17-18 and subsequent years.

SB2247/HB1822 WELFARE: Revises various provisions relative to public assistance.

Sponsors: Sen. Norris, Mark , Rep. Hawk, David

Summary: Grants the department of human services with various powers when investigating fraud and abuse of the program. This bill is part of the governor's Administration Package.

Amendment Summary: Senate amendment 1, House Health Committee amendment 1 (013890) adds language to the printed bill to require that subpoenas related to production of materials to be produced must be relevant to the investigation and specified with reasonable particularity, and that the subpoenas command production of the materials covering only a reasonable period of time. Deletes authority for DHS to contract for subpoena power and power to compel production of employment records. Requires the maximum grants for the TANF program be expressed as a percentage of the standard of need. Authorizes the maximum standard grants for TANF be raised if approved as a line item in the annual appropriations act. Prohibits an

increase of the maximum standard grants for TANF be approved by rules. Requires the maximum standard of TANF for an assistance groups size of one to 22 percent of the FY18-19 standard of need for an assistance group size of one person. For each additional member added to an assistance group, an additional two percent is added to the 22 percent, and the maximum standard grant for each respective assistance group size is the resulting percentage of the FY18-19 standard of need for that assistance group size.

Fiscal Note: (Dated February 13, 2018) Increase State Expenditures \$106,400/FY18-19 \$47,500/FY19-20 and Subsequent Years Increase Federal Expenditures \$106,400/FY18-19 \$47,500/FY19-20 and Subsequent Years The Governors proposed budget for FY18-19, on page A-37, recognizes a one-time increase in state expenditures to the General Fund of \$62,000, and a recurring increase in state expenditures to the General Fund in the amount of \$47,500.
